HEALTH AND SAFETY ADVISORY COMMITTEE POLICY STATEMENT

Introduction:

The City of Oakley is committed to preventing workplace injuries and illness among all employees. To prevent these losses, a health and safety committee has been established. Employee involvement is necessary to ensure a safe and healthful workplace.

Only the planning and effective leadership of management and the safety committee can build a lasting health and safety program. The safety committee shall be a constructive entity, providing guidance and leadership in matters pertaining to the overall safety of the City of Oakley.

Purpose:

The purpose of the Health and Safety Advisory Committee is to involve employees and management in a cooperative effort to promote safety and health in the workplace. The health and safety committee assists and works with management to make recommendations for change and promotes a safe environment for employees and residents of the City of Oakley.

Organization:

The committee members are appointed by the City Manager or his/her designee and consists of no fewer than five (5) and no greater than eight (8) employees. The City's Safety Coordinator/Safety Officer is solely responsible for the managerial facets of this committee and appoints the chairperson. Employee representatives are volunteers. Representatives should comprise the following department/divisions: Administrative/Finance/Clerk, Parks and Landscape Division, Recreation, Police, Public Works and Streets, Planning/Building Divisions, Building Maintenance, and Human Resources.

Extent of Authority:

The health and safety committee primarily advises and submits recommendations to management and the Safety Coordinator/Safety Officer about safety and health issues in the workplace.

Committee Functions:

The City's Committee on Health and Safety is charged with the following responsibilities:

- Exercise oversight over all health and safety programs at the City of Oakley.
- Facilitating safety training.
