Potential New Train Service in Oakley

Oakley as a Regional Transportation Hub

The City is currently working with the San Joaquin Joint Powers Authority to bring an Intermodal Station to Oakley’s Downtown.

The SJJPA governs and manages the train service in the San Joaquin Corridor (Bakersfield-Fresno-Modesto-Stockton-Sacramento-Oakland) and they are moving forward with a plan to implement an early morning start that would get commuters from Oakley to Oakland in about 55 minutes, arriving before 8:00 AM. This service would expand the

commute options available to Oakley residents and all commuters in East Contra Costa County.

Additionally, a train platform in Oakley would provide a number of benefits to the community. A large parking area is planned that can serve as a park-and-ride for the train, bus, and BART (a true “intermodal” opportunity). This parking area will be large enough to also assist the further development... *(Continued on page 4)*

Oakley Named Top 20 California City

Great news! You already knew Oakley was a special place to live. Oakley was named the **20th Best City for California Families** in a recent study conducted by the personal finance outlet *WalletHub.com*.

The study compared 240 cities across 22 metrics, which included items such as the number of pediatricians per capita, unemployment rates, affordability, crime, playgrounds, and more. The study can be accessed at: <https://wallethub.com/edu/best-worst-cities-for-families-in-california/15993>.

Finance Director:

Deborah Sultan

"I am excited to become a part of *Team Oakley*. I look forward doing my part in helping the city achieve its goals and becoming an even better place to live, work and play," said Deborah Sultan, the Oakley finance director.

Sultan holds a bachelor's degree in business administration with an emphasis in accounting from San Jose State University. She comes to Oakley from the City of Sanger, where she served as the finance director since 2011.

Before Sanger, *Deborah Sultan* worked in finance for the cities of Grass Valley and Santa Cruz. Her vast experience in municipal finance is in addition to 11 years in the private sector.

Under Sultan's guidance, the Finance Department's most visible task is developing the annual budget and directing the collection and investment of city funds, however other responsibilities include accounting and financial reporting, financial planning and analysis, debt management, risk management, purchasing, billing and collection, as well as business license administration, and information technology.

Additionally, Sultan has experience meeting the many State requirements of cities regarding the winding down of the former Redevelopment Agency.

The New Oakley Police Department

Update: Police Services Transition from County Sheriff's Office

Since incorporation in 1999, the City of Oakley has contracted with the Contra Costa County Sheriff's Office for law enforcement services. The agreement has worked well; however, contracting for services has been expensive, and the costs were continuing to increase. After significant review, it was determined that services could be provided more cost-effectively by forming our own "in-house" Police Department.

As of August, Police Chief Chris Thorsen joined *Team Oakley* and has been busy planning the transition. Such preparations have included development and management of the critical systems required by law enforcement agencies and the expansion of space to accommodate our growing Police Department. Additionally, there has been much testing, interviewing, and hiring of officers in anticipation of our separation date.

Chief Chris Thorsen

As part of the new Department, we will have two Police Lieutenants. Lieutenant's Jeff Billeci and Eric Navarro were selected from a group of highly qualified applicants to serve our community.

Lt. Billeci was assigned by the Sheriff's Office as a Sergeant in Oakley shortly after we incorporated in 1999. He continued to serve as a supervisor for many years. Lt. Billeci left the Sheriff's Office in 2012. Since that time, Lt. Billeci served as the Assistant to the Chief of Police in Oakley. Lt. Billeci is highly familiar with "all things Oakley." He brings a wealth of experience in the areas of criminal investigations, fleet management, purchasing and infrastructure for the organization. Lt. Billeci will head up the Administrative Division in the Oakley Police Department.

Lt. Navarro is a long-time member of the Sheriff's Office. Lt. Navarro is highly regarded in the areas of critical incident management, criminal investigations and administrative investigations. Lt. Navarro served in many capacities, retiring as a Lieutenant in 2012. Lt. Navarro will head up the Operations Division in the Oakley Police Department. Both Lieutenants Billeci and Navarro live in East County. *(Continued on page 4)*

Oakley Leadership Academy

The Leadership Academy is a program for citizens of Oakley to learn more about the City and local government. It is an interactive and educational program with the purpose of equipping community-minded residents with the information, resources, and tools to become more knowledgeable community members. The managers of all the city departments and divisions do a presentation to describe the functions of their departments.

This class happens in the Fall every year. For enrollment information, please email Marissa Holder at holder@ci.oakley.ca.us to be put on the wait list for the next session.

Not present in the picture were Jason Berlin, John Canning, Lanita Mims, and Linda Tamburri.

Entrepreneur Training Program Starts January 12th

Ten Oakley business owners and prospective businesses will learn sustainable business growth, business branding, marketing, and much more. This program is important to the residents of Oakley because it will encourage long term business growth and give our business owners the tools to succeed in Oakley!

Potential New Train Service in Oakley *(Continued from page 1)*

... of Downtown businesses and would be almost entirely available on the weekends when there are fewer individuals commuting.

Nationwide, studies have shown that the development of a train station can see significant property value increases for property within ¼ mile of the station. The station will help the redevelopment of nearby residential and commercial properties. In short, these studies show that creating a transportation focal point can be a stimulus for new development – creating jobs, increasing the tax base, and providing more opportunities to shop and eat locally. Of course, trains are more environmentally friendly and allow commuters a faster, less hectic and less stressful commute.

At the November 20th San Joaquin Joint Powers Authority Board Meeting, the SJJPA Board recently approved an item that would formally designate Oakley as a potential station in their upcoming Business Plan update. This joint effort is supported by the Contra Costa Transportation Authority and Tri-Delta Transit as well as various stakeholders in the region.

If the SJJPA is successful in implementing the early morning start, riders could expect to see service begin in April of 2016 with a train platform in Oakley sometime late 2016 or early 2017. The graphic on the first page is intended to provide a conceptual layout of the potential platform and surrounding improvements.

“Many of the other faces at the Police Department will be familiar to you. Several Deputy Sheriffs who are currently assigned to Oakley have opted to stay with us during this exciting time. I consider myself fortunate to have been able to recruit and retain such highly skilled professionals in our organization,” stated Chief Thorsen.

Chief Thorsen added, “These are exciting and dynamic times in the City of Oakley. We will continue to provide highly professional and compassionate police services to our community. To those who have reached out thus far, I appreciate your support and kind words as we move forward with this demanding process.”

The Oakley Police Department is located adjacent to City Hall on Main Street.

New Mayor & Vice Mayor Selected

Your elected representatives on the Oakley City Council

In Oakley, residents get to vote for all Councilmembers in at-large elections rather than just for one councilmember to represent your district. Each Councilmember serves a four-year term and represents one vote of the five for items that go before the Council. Every December, the Council rotates in a new Mayor and Vice Mayor.

During the December 8th City Council meeting Kevin Romick was selected to be Mayor for 2016 by his peers and Sue Higgins as Vice Mayor. Romick who was first elected to the City Council in 2005, will become Mayor for a fourth time, having previously been Mayor 2007, 2012, and 2013.

Capital Improvement Program Highlights

The Public Works Department has been actively working on design and construction of a wide range of infrastructure improvement projects that enhance the quality of life for the residents of Oakley. The following are a few of the projects that were successfully completed in 2015:

- Main Street Reconstruction (*Bridgehead Road to Big Break Road*):** Reconstructed a section of Main Street that had not been maintained and resurfaced for many years while under Caltrans jurisdiction. This project used a *Cold In-Place Recycling* technique to rebuild this roadway in a sustainable and cost effective manner.
- Hill Avenue Pedestrian/Bike Bridge:** Constructed a new prefabricated bridge across Marsh Creek next to Marsh Glen Park providing much needed access to the regional Marsh Creek Trail for the recreational use of the community.
- West Bolton Road Storm Drain:** Constructed storm drain pipes and inlets to address a chronic flooding problem on this road in advance of winter rains. This road is used by children walking to school, and the improvements helped in creating a safe and functional roadway for pedestrians during the rainy season.
- Residential Streets Repair and Resurfacing:** This project provided much needed repair and resurfacing of several residential neighborhoods in City of Oakley. The residential street resurfacing project is a part of the overall strategy to improve the condition of public streets in the community and enhance the quality of life for the residents.

More Capital Improvement Projects on the way for 2016

In 2016 there are a number of new and exciting Capital Improvement Projects that are under design and construction including:

- Main Street Reconstruction in downtown (*Norcross Lane to 5th Street*):** This project will reconstruct an area of downtown Main Street through the resurfacing of the street, installation of new streetscape components including as new street lights, landscaping, and a new traffic signal to be constructed at intersection of Main Street and Norcross Lane.
- Highway 160/Main Street Gateway Project:** This project will provide enhanced landscaping on the Highway 160 off-ramps to Main Street and install a new gateway monument sign at this off-ramp to greatly beautify this major entrance to the City of Oakley.
- Main Street Median Landscaping:** This project will install new landscaping on Main Street medians from Big Break Road to Empire Avenue, and add an efficient irrigation system to save on water use.

Oakley Reconocido Como Gran Lugar Para Criar Familia

¡Una gran noticia! Oakley fue nombrada la 20ª mejor ciudad en California para familias según un estudio recientemente llevado a cabo por WalletHub.com. El estudio comparó a 240 ciudades a través de 22 criterios tal como el número de pediatras per cápita, la tasa de desempleo, la asequibilidad, crímenes, parques y más.

Nuevo Servicio de Tren

La ciudad está trabajando actualmente en realizar una estación intermodal de tren y autobús en el centro de la ciudad. El San Joaquin Joint Powers Authority (SJJPA) gobierna y administra el servicio de trenes en el corredor de San Joaquin (Bakersfield-Fresno-Modesto-Stockton-Sacramento-Oakland) y acaba de comprometerse a evaluar si Oakley debería ser su próxima estación en una ruta hacia Oakland por las mañanas. Tan pronto como Abril, si todo procede bien los jinetes podrían esperar el tren en una plataforma nueva y llegar a Oakland dentro de 55 minutos (antes de las 8:00 a.m.). El gráfico al lado es el diseño conceptual de las posibles mejoras incluyendo la plataforma.

Taller de Ciudadanía

El programa de *You, Me, We Oakley!* va a patrocinar un Taller de Ciudadanía para el sábado, 30 de enero en el Palacio Municipal de Oakley, para asistir a los que estén interesados en empezar el proceso de ciudadanía. También habrá ayuda para los que quieran calificar para una extensión y poder evitar el gasto de los \$680 para el proceso de ciudadanía. Llame ahora al (925) 625-7011 para registrarse y asegurar que le puedan ayudar en determinar su elegibilidad y recibir la ayuda para llenar su aplicación de ciudadanía. El evento y los servicios son gratuitos, pero el cupo es limitado.
