

## STAFF REPORT

**Date:** April 28<sup>th</sup>, 2017  
**To:** Bryan H. Montgomery, City Manager  
**From:** Chris Thorsen, Chief of Police  
**SUBJECT:** New Patrol Vehicle Purchase

Approved and Forwarded to the City Council:

  
Bryan Montgomery, City Manager

### Background and Analysis

The Police Department continues to add staffing to meet the needs of our growing community. As the number of staff patrolling our streets increases, we are realizing the need to increase the number of patrol vehicles available.

Currently, the Police Department has nine vehicles for general patrol use. At any given time, one or two vehicles are out of service for maintenance/repair of mechanical systems or emergency equipment. During overlap periods between shifts, special events, or critical incidents, it has become the norm for all vehicles to be in service. The purchase of an additional vehicle will add flexibility and capacity to the patrol function.

The purchase of the listed vehicle is addition to our current fleet. Monies were set aside in the 2016/17 budget in anticipation of these needs and expenditures. The quoted prices are from Folsom Lake Ford and is lower than the current State of California bid price.

### Fiscal Impact

The purchase of this vehicle will require the expenditure of approximately \$31,500 (including sales tax) from the vehicle purchase account. These expenditures were anticipated in the formation of the 2016/17 operating budget.

### Recommendation

Approve the resolution for purchase of a new patrol vehicle.
