HOUSING ELEMENT UPDATE

The City of Oakley is in the process of updating the Housing Element for the 2023-2031 planning period.

The Housing Element is our 8-year plan for how we will meet the housing needs of everyone in the community and shows how the City will accommodate its fair share of housing.

The City is required by State law to identify specific sites where affordable housing may be built. As part of this Housing Element Update, Oakley will have to identify where and how approximately 440 affordable homes could be built to meet the State requirement.
