## **Alexis Gabe Reward Fund Increased to \$60,000**

In April, the City of Oakley announced a \$10,000 reward for information leading to the location of Alexis Gabe, who was last seen on January 26, 2022, in Antioch, California.

An anonymous donor has contributed \$50,000 to the reward fund to help bring the 24-year-old Oakley resident home. A total of \$60,000 will be awarded to anyone with information leading to Ms. Gabe's whereabouts.

"The Oakley Police Department and partner agencies are relentlessly working on this case and investigating the circumstances surrounding her disappearance. Our hope is that these reward funds will bring us closer to finding Alexis and bringing resolution to the Gabe family," said Oakley Police Chief Paul Beard. "We are grateful for the donor's generous contribution and to the community for their continued support."

Detective Tyler Horn urges those with information to come forward, "we continue to comb through all the tips received and are working on this case around the clock. We ask that anyone with information please contact us."

Those with information as to the whereabouts of Alexis Gabe are asked to call 925-625-7009 or [Alexistips@ci.oakley.ca.us](mailto:Alexistips@ci.oakley.ca.us).
